

Puppet Cum Holder

A fun craft activity where you can make a box with the expressions given. Stick the cut-outs on the box to create this puppet. It can also be used to store your stationery items at home!

You will need: Fevicol MR & scissors.

- Cut the template from the sheet and create the box using Fevicol MR. Cut the hole at the bottom if you wish to use it as a finger puppet.
- Cut the funny expressions given in the sheet and paste them on the outer edges of four sides of the box using Fevicol MR.
